Marci Nielsen, CEO, Patient-Centered Primary Care Collaborative

Doug Henley, MD, Board Chair, Patient-Centered Primary Care Collaborative and CEO and Executive Vice President, American Academy of Family Physicians

1:15 – 2:30 PM

Innovative strategies to improve population health through investments in primary care

Description: This session will describe how health systems and physician organizations are investing in primary care through chronic condition and behavioral health support, population management technologies, and enhanced care coordination.

Moderator: John Jenrette, MD, CEO, Sharp Community Medical Group

- Robert Fortini, Chief Clinical Officer, Bon Secours Medical Group
- Patricia Briggs, CEO, Northwest Physicians Network
- Carrie Nelson, MD, MS, FAAFP, Senior Medical Director, Advocate Physician Partners

BREAK

2:45 – 4:00 PM

Establishing a strong foundation of primary care through patient and community partnership

This panel will describe how the enhanced primary care team can serve as the hub of care for patients across the medical neighborhood and the community. Panelists will describe how they have transformed their primary care team to help connect patients and families to specialty care, community supports, behavioral health, and social services.

Moderator: Diane Rittenhouse, MD, MPH, Associate Professor, UCSF

- Jessica Osborne-Stafsnes, MSHS, CPHQ, Patient Engagement Specialist at Aligning Forces Humboldt, California Center for Rural Policy at Humboldt State University
- Sunny Ramchandani, MD, Medical Director of Healthcare Business at Naval Medical Center San Diego
- Brad Stuart, MD, CEO, Advanced Care Innovation Strategies

4:00 – 4:30 PM
